MAKER TABLE

Makerspaces are collaborative learning environments where people come together to learn new skills, exchange ideas and share resources. They are as unique as the school cultures they represent and require flexible and configurable solutions for working, exploring and discovering. The Voyager Maker Table by Haskell Education has been designed to meet the demanding needs of these creative environments.

Learn. Think. Do.™

Furniture solutions for flexible and agile learning environments that encourage individual choice, increased movement and dynamic student engagement.

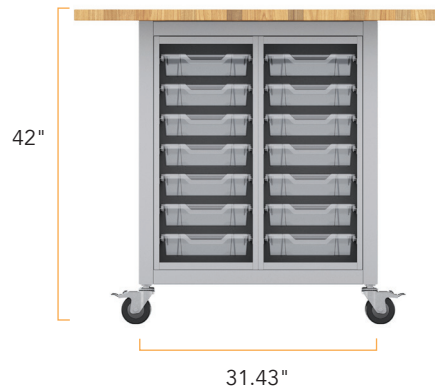

STANDING HEIGHT MAKER TABLE

At 42" high, the Voyager Maker Table is ready to work in any creative environment. The all-steel frame and storage design of the table supports two different storage solutions, one on each side of the table for easy access. One side contains a cabinet with 14 removable bins, perfect for the storage of maker manipulatives. The other side offers a lockable storage cabinet with one adjustable shelf. Our solid hard maple butcher block top adds to the durability and functionality of the Voyager Maker Table.

DURABILITY AND MOBILITY

The Voyager Maker Table is constructed with an all metal welded frame for a life time of use, a hallmark of Haskell Education design and construction. With its durable locking casters and standard butcher block top, the Maker Table is perfect for active learning environments that require flexibility for multiple types of maker experiences. As part of the Voyager suite of solutions, the Voyager Maker Table easily supports dedicated and mobile makerspace environments and works seamlessly in any of today's collaborative learning spaces.

FRAME FINISH

Platinum

OVERALL DIMENSIONS

- Table: 42" H X 49" W X 37" D
- Top: 60" X 49" X 1.5"

WARRANTY

- Haskell Education Limited Lifetime Warranty
